“Don’t Forget The Bread!”
(John 6:24-35)

Earlier in John chapter 6, deals with the _____ of 5,000.

Remember something about John: John always uses the word
“_____” instead of miracle when describing the wondrous things
Jesus did.

John sees these signs as evidence that Jesus is the _____.

Jesus is trying to point the people toward a _____ reality rather
than a _____ one.

For many Jews, _____ was the greatest of all the prophets.

Jesus reminded the people it was _____, not Moses, who provided the
manna.

Manna was food for the _____, but Jesus is God’s provision for the
_____.

Jesus himself is the _____ of God!

Both _____ and _____ in scripture are used in reference
to that which gives life.

In Palestine, bread was not looked upon as an add-on to a meal. Bread
was the _____ staple.

This is the essential truth we need to take home today: **Christ alone can**
_____ **our deepest need!**

In each person, God has created a void. That void is the desire for
_____ and fulfillment in life.

I believe that all persons are in the process of _____ for Jesus.

Jesus _____, not his eyes, but his _____ so that we could
have life!

His was a far greater sacrifice. Ours was a far greater gain!

The Bread of life has come so that we can have life!

Will we with gratitude and appreciation surrender our
lives to Him?
